

2025-2026 Common Data Set

The University of Virginia participates in the Common Data Set (CDS) initiative. Participants, which include both colleges and universities in the higher education community, as well as publishers as represented by the College Board, Peterson's, and U.S. News & World Report, work together to provide - and improve the quality of - information on institutional data. The Common Data Set is a compilation of most frequently requested statistics and other descriptive information concerning students, faculty, instructional programs, and student services available at the University of Virginia.

B4-B21. Graduation Rates

The items in this section correspond to data elements collected by the IPEDS Web-based Data Collection System's Graduation Rate Survey (GRS). For complete instructions and definitions of data elements, see the IPEDS GRS Forms and Instructions for the 2025-2026 Survey. <https://nces.ed.gov/ipeds/use-the-data/survey-components/9/graduation-rates> (<https://nces.ed.gov/ipeds/use-the-data/survey-components/9/graduation-rates>)

In the following section for bachelor's or equivalent programs, please disaggregate the Fall 2018 and Fall 2019 cohorts (formerly CDS B4-B11) into four groups:

- Students who received a Federal Pell Grant*
- Recipients of a subsidized Stafford Loan who did not receive a Pell Grant
- Students who did not receive either a Pell Grant or a subsidized Stafford Loan
- Total (all students, regardless of Pell Grant or subsidized loan status)

*Students who received both the Federal Pell Grant and a subsidized Stafford Loan are included in the "Recipients of Federal Pell Grants" breakdown.

*Students who received both a Federal Pell Grant and a subsidized Stafford Loan should be reported in the "Recipients of a Federal Pell Grant" column.

For each graduation rate grid below, the numbers in the first three columns for Questions A-G should sum to the cohort total in the fourth column (formerly CDS B4-B11).

For Bachelor's or Equivalent Programs

Please provide data for the Fall 2019 cohort if available. If Fall 2019 cohort data are not available, provide data for the Fall 2018 cohort.

Fall 2019 Cohort

A. Initial 2019 Cohort of first-time, full-time, bachelor's (or equivalent) degree-seeking undergraduate students

Student ^{↑≡}	Pell Recipient	Received Stafford Subsidized - Did Not Receive Pell	
First Year	516	520	

B & C. Of the initial 2019 cohort, how many did not persist and did not graduate? Final Cohort, after adjusting exclusions:

Persists ^{↑≡}	Pell Recipient	Received Stafford Subsidized - Did Not Receive Pell	
Excluded	0	1	
Total After Exclusion	516	519	

D-G. Of the initial 2019 cohort, how many completed the program in:

E. Graduated in 5 Years or Less (more than 4)	23	16
F. Graduated in 6 Years or Less (more than 5)	5	3
G. Graduated in 6 Years or Less	463	500

H. Six-year graduation rate for the 2018 cohort (G divided by C)

Student ^{↑≡}	Pell Recipient	Received Stafford Subsidized - Did Not Receive Pell
First Year	92.0%	95.1%

B22. Retention Rates

Report for the cohort of all full-time, first-time bachelor's (or equivalent) degree-seeking undergraduate students who entered in Fall 2024 (or preceding summer term).

- *The initial cohort may be adjusted for students who departed for the following reasons:*
 - * *Death*
 - * *Permanent Disability*
 - * *Service in the armed forces*
 - * *Foreign aid service of the federal government*
 - * *Official church missions*
 - * *No other adjustments to the initial cohort should be made.*

C. First-Time, First-Year Admission

C1-C2: Applications

C1. First-time, first-year students: Provide the number of degree-seeking, first-time, first-year students who applied, were admitted, and enrolled (full- or part-time) in Fall 2025.

- Include early decision, early action, and students who began studies during summer in this cohort.
- Applicants should include only those students who fulfilled the requirements for consideration for admission (i.e., who completed actionable applications) and who have been notified of one of the following actions: admission, non-admission, placement on waiting list, or application withdrawn (by applicant or institution).
- In cases where non-binary gender information is provided, IPEDS recommends distributing across the two-binary categories.
- Note that recent high school graduates and other students without prior postsecondary experience will still be considered "first-time students" for fall

enrollment reporting purposes even if they enrolled in the summer prior to fall enrollment.

C2. First-time, first-year wait-listed students

Students who met admission requirements but whose final admission was contingent on space availability
Do you have a policy of placing students on a waiting list? **YES**
If yes, please answer the questions below for Fall 2025 admissions:

First-time, first-year wait-listed students

Waitlist Status

Waitlist - Offered

Waitlist - Accepted

Waitlist - Admitted

Is your waiting list ranked?

C3-C5: Admission Requirements

C3. High school completion requirement

Check the appropriate box to identify your high school completion requirement for degree-seeking entering students:

- ☒ High school diploma is required and GED is accepted
- ☐ High school diploma is required and GED is not accepted
- ☐ High school diploma or equivalent is not required

C4. Does your institution require or recommend a general college-preparatory program for degree-seeking students?

- ☐ Require
- ☒ Recommend
- ☐ Neither require nor recommend

C5. Distribution of high school units required and/or recommended. Specify the distribution of academic high school course units required and/or recommended of all or most degree-seeking students using Carnegie units (one unit equals one year of study or its equivalent). If you use a different system for calculating units, please convert.

Distribution of high school units	Units Required	Units Recommended
Total academic units	16	19
English	4	4
Mathematics	4	4
Science	2	4
Of these, units that must be lab		

Foreign language	2	4
Social studies	1	3

Other (specify)		

C6-C7: Basis for Selection

C6. Do you have an open admission policy, under which virtually all secondary school graduates or students with GED equivalency diplomas are admitted without regard to academic record, test scores, or other qualifications?

If so, check which applies:

- ☐ Open admission policy as described above for all students
- ☐ Open admission policy as described above for most students, but--
- ☐ selective admission for out-of-state students
- ☐ selective admission to some programs
- ☐ other (explain)

C7. Relative importance of each of the following academic and nonacademic factors in your first-time, first-year, degree-seeking general (not including programs with specific criteria) admissions decisions.

Academic	Very Important	Important	Considered	Not Considered
Rigor of secondary school record	X			
Class rank	X			
Academic GPA	X

Please provide additional information if the importance of any specific academic or nonacademic factors differ by academic program.

C8. SAT and ACT Policies

Entrance Exams

C8a. Does your institution make use of SAT or ACT scores in admission decisions for first-time, first-year, degree-seeking applicants? **YES**

If yes, place check marks in the appropriate boxes below to reflect your institution's policies for use in admission for students applying for Fall 2027.

C9-C12: First-time, first-year Profile

Provide information for ALL enrolled, degree-seeking, full-time and part-time, first-time, first-year students enrolled in Fall 2025, including students who began studies during summer, international students/nonresidents, and students admitted under special arrangements.

C9. Percent and number of first-time, first-year students enrolled in Fall 2025 who submitted national standardized (SAT/ACT) test scores.

- Include information for ALL enrolled, degree-seeking, first-time, first-year students who submitted test scores.
- Do not include partial test scores (e.g., mathematics scores but not critical reading for a category of students) or combine other standardized test results (such as TOEFL) in this item.
- Do not convert SAT scores to ACT scores and vice versa.
- If a student submitted multiple sets of scores for a single test, report this information according to how you use the data. For example:
- If you consider the highest scores from either submission, use the highest combination of scores (e.g., verbal from one submission, math from the other).
- If you average the scores, use the average to report the scores.

Please provide significant details about your early decision plan:

Early Decision is a binding admission plan for students who have determined that UVA is their first choice and who feel they can present a strong application without senior grades being reviewed. Students admitted through the Early Decision admission plan are required to cancel their applications elsewhere and enroll in UVA. Decisions of admit, deny, or defer will be released by December 15th. Admitted students are expected to submit deposits by January 15.

C22. Early Action

Do you have a nonbinding early action plan whereby students are notified of an admission decision well in advance of the regular notification date but do not have to commit to attending your college?

Provide 2026-2027 academic year costs of attendance for the following categories that are applicable to your institution.

Check here if your institution's 2026-2027 academic year costs of attendance are not available at this time and provide an approximate date (i.e., month/day) when your institution's final 2026-2027 academic year costs of attendance will be available:

G1. Undergraduate full-time tuition, required fees, food and housing

List the typical tuition, required fees, and food and housing for a full-time undergraduate student for the FULL 2026-2027 academic year. (30 semester hours or 45 quarter hours for institutions that derive annual tuition by multiplying credit hour cost by number of credits).

A full academic year refers to the period of time generally extending from September to June; usually equated to two semesters, two trimesters, three quarters, or the period covered by a four-one-four plan.

Food and housing is defined as double occupancy and 19 meals per week or the maximum meal plan.

Required fees include only charges that all full-time students must pay that are not included in tuition (e.g., registration, health, or activity fees.)

Do not include optional fees (e.g., parking, laboratory use).

H. Financial Aid

H. Financial Aid

Please refer to the following financial aid definitions when completing Section H.

Awarded aid: The dollar amounts offered to financial aid applicants.

Financial aid applicant: Any applicant who submits any one of the institutionally required financial aid applications/forms, such as the FAFSA.

Indebtedness: Aggregate dollar amount borrowed through any loan program (federal, state, subsidized, unsubsidized, private, etc.; excluding parent loans) while the student was enrolled at an institution. Student loans co-signed by a parent are assumed to be the responsibility of the student and should be included.

Institutional scholarships and grants: Endowed scholarships, annual gifts and tuition funded grants for which the institution determines the recipient.

Financial need: As determined by your institution using the federal methodology and/or your institution's own standards.

Need-based aid: College-funded or college-administered award from institutional, state, federal, or other sources for which a student must have financial need to qualify. This includes both institutional and non-institutional student aid (grants, jobs, and loans).

Need-based scholarship or grant aid: Scholarships and grants from institutional, state, federal, or other sources for which a student must have financial need to qualify.

Need-based self-help aid: Loans and jobs from institutional, state, federal, or other sources for which a student must demonstrate financial need to qualify.

Non-need-based scholarship or grant aid: Scholarships and grants, gifts, or merit-based aid from institutional, state, federal, or other sources (including unrestricted funds or gifts and endowment income) awarded solely on the basis of academic achievement, merit, or any other non-need-based reason. When reporting

questions H1 and H2, non-need-based aid that is used to meet need should be counted as need-based aid.

Note: Suggested order of precedence for counting non-need money as need-based

1. Non-need institutional grants	6. Non-need outside grants
2. Non-need tuition waivers	7. Non-need student loans
3. Non-need athletic awards	8. Non-need parent loans
4. Non-need federal grants	9. Non-need work
5. Non-need state grants	

Non-need-based self-help aid: Loans and jobs from institutional, state, or other sources for which a student need not demonstrate financial need to qualify.

Private student loans: A nonfederal loan made by a lender such as a bank, credit union or private lender used to pay for up to the annual cost of education, less any financial aid received.

External scholarships and grants: Scholarships and grants received from outside (private) sources that students bring with them (e.g., Kiwanis, National Merit scholarships). The institution may process paperwork to receive the dollars, but it has no role in determining the recipient or the dollar amount awarded.

Work study and employment: Federal and state work study aid, and any employment packaged by your institution in financial aid awards.

H1. Aid Awarded to Enrolled Undergraduates

Enter total dollar amounts awarded to enrolled full-time and less than full-time degree-seeking undergraduates (using the same cohort reported in CDS Question \$B\$1, “total degree-seeking” undergraduates) in the following categories.

- If the data being reported are final figures for the 2024-2025 academic year (see the next item below), use the 2024-2025 academic year's CDS Question \$B\$1 cohort.
- Include aid awarded to international students (i.e., those not qualifying for federal aid).
- Aid that is non-need-based but that was used to meet need should be reported in the need-based aid column.
- For a suggested order of precedence in assigning categories of aid to cover need, see the entry for “non-need-based scholarship or grant aid” on the last page of the definitions section.

H2. Number of Enrolled Students Awarded Aid: List the number of degree-seeking full-time and less-than-full-time undergraduates who applied for and were awarded financial aid from any source.

- Aid that is non-need-based but that was used to meet need should be counted as need- based aid.
- Numbers should reflect the cohort awarded the dollars reported in H1.
- In the chart below, students may be counted in more than one row, and full-time first-year students should also be counted as full-time undergraduates.

Note: These are the graduates and loan types to include and exclude in order to fill out CDS H4 and H5.

Include:

- 2025 undergraduate class: all students who started at your institution as first-time students and received a bachelor's degree between July 1, 2024 and June 30, 2025.

- Only loans made to students who borrowed while enrolled at your institution.
- Co-signed loans.

Exclude

- Students who transferred in.
- Money borrowed at other institutions.
- Parent loans
- Students who did not graduate or who graduated with another degree or certificate (but no bachelor’s degree).

H4. Provide the number of students in the 2025 undergraduate class who started at your institution as first-time students and received a bachelor's degree between July 1, 2024 and June 30, 2025.

Exclude students who transferred into your institution.

2025 Undergraduate Class ^{↑≡}	
Number of students in the 2025 undergraduate class who started at your institution as first-time students and received a bachelor’s degree between July 1, 2024 and June 30, 2025.	

H5. Number and percent of students in class (defined in H4 above) borrowing from federal, non-federal, and any loan sources, and the average (or mean) amount borrowed.

- The “Average per-undergraduate-borrower cumulative principal borrowed,” is designed to provide better information about student borrowing from federal and nonfederal (institutional, state, commercial) sources.
- The numbers, percentages, and averages for each row should be based only on the loan source specified for the particular row. For example, the federal loans average (row b) should only be the cumulative average of federal loans and the private loans average (row e) should only be the cumulative average of private loans.

Source/Type of Loan ^{↑≡}	Number in the class	
A. Any loan program: Federal Perkins, Federal Stafford Subsidized and Unsubsidized, institutional, state, private loans that your institution is aware of, etc. Include both Federal Direct Student Loans and Federal Family Education Loans.	1,052

H15. If your institution has recently implemented any major financial aid policy, program, or initiative to make your institution more affordable to incoming students such as replacing loans with grants, or waiving costs for families below a certain income level please provide details below:

The University's financial aid program, AccessUVA, has been expanded to make UVA more affordable for Virginia students. Key components of the expansion include:

1) Virginia families with an income of \$50,000 or less will receive grants and scholarships that equal or exceed tuition, fees, housing, and dining. Previously, the maximum family income level for such aid packages was \$30,000.

2) Virginia families with an income of \$100,000 or less will receive grants and scholarships that equal or exceed tuition and fees. The previous income threshold was \$80,000.

3) Virginia families with an income of \$150,000 or less will receive at least \$2,000 in need-based grants. The new income level is an increase from \$125,000.

I. Instructional Faculty and Class Size

I. Instructional Faculty and Class Size

I-1. Please report the number of instructional faculty members in each category for Fall 2025. Include faculty who are on your institution’s payroll on the census date your institution uses for IPEDS/AAUP.

The following definition of full-time instructional faculty is used by the American Association of University Professors (AAUP) in its annual Faculty Compensation Survey (the part time definitions are not used by AAUP). Instructional Faculty is defined as those members of the instructional-research staff whose major regular assignment is instruction, including those with released time for research. Use the chart below to determine inclusions and exclusions:

	Full-time	Part-time
--	-----------	-----------

A	Instructional faculty in preclinical and clinical medicine, faculty who are not paid (e.g., those who donate their services or are in the military), or research-only faculty, post-doctoral fellows, or pre-doctoral fellows	Exclude	Include only if they teach one or more non-clinical credit courses
B	Administrative officers with titles such as dean of students, librarian, registrar, coach, and the like, even though they may devote part of their time to classroom instruction and may have faculty status	Exclude	Include if they teach one or more non-clinical credit courses
C	Other administrators/staff who teach one or more non-clinical credit courses even though they do not have faculty status	Exclude	Include
D	Undergraduate or graduate students who assist in the instruction of courses, but have titles such as teaching assistant, teaching fellow, and the like	Exclude	Exclude
E	Faculty on sabbatical or leave with pay	Include	Exclude
F	Faculty on leave without pay	Exclude	Exclude
G	Replacement faculty for faculty on sabbatical leave or leave with pay	Exclude	Include

Full-time instructional faculty: faculty employed on a full-time basis for instruction (including those with released time for research)

Part-time instructional faculty: Adjuncts and other instructors being paid solely for part-time classroom instruction. Also includes full-time faculty teaching less than two semesters, three quarters, two trimesters, or two four-month sessions. Employees who are not considered full-time instruction faculty but who teach one or more non-clinical credit courses may be counted as part-time faculty.

Minority faculty: includes faculty who designate themselves as Black, non-Hispanic; American Indian or Alaska Native; Asian, Native Hawaiian or other Pacific Islander, or Hispanic.

Doctorate: includes such degrees as Doctor of Philosophy, Doctor of Education, Doctor of Juridical Science, and Doctor of Public Health in any field such as arts, sciences, education, engineering, business, and public administration. Also includes terminal degrees formerly designated as "first professional," including dentistry (DDS or DMD), medicine (MD), optometry (OD), osteopathic medicine (DO), pharmacy (DPharm or BPharm), podiatric medicine (DPM), veterinary medicine (DVM), chiropractic (DC or DCM), or law (JD).

Terminal master's degree: a master's degree that is considered the highest degree in a field: example, M. Arch (in architecture) and MFA (master of fine arts in art or theater).

I-2. Student to Faculty Ratio

Report the Fall 2025 ratio of full-time equivalent undergraduate and graduate students (full-time plus 1/3 part time) to full-time equivalent instructional faculty of undergraduate and graduate students (full-time plus 1/3 part time). In the ratio calculations, exclude both faculty and students in stand-alone graduate or professional programs such as medicine, law, veterinary, dentistry, social work, business, or public health in which faculty teach virtually only graduate level students.

- Do not count undergraduate or graduate student teaching assistants as faculty.

I-2. Student to Faculty Ratio

Student:Faculty Ratio	Total Students ↓≡	Total Faculty
14 to 1	21,432	1,459

I-3. Undergraduate Class Size

In the table below, please use the following definitions to report information about the size of classes and class sections offered in the Fall 2025 term.

Class Sections: A class section is an organized course offered for credit, identified by discipline and number, meeting at a stated time or times in a classroom or similar setting, and not a subsection such as a laboratory or discussion session. Undergraduate class sections are defined as any sections in which at least one degree-seeking undergraduate student is enrolled for credit. Exclude distance learning classes and noncredit classes and individual instruction such as dissertation or thesis research, music instruction, or one to one readings. Exclude students in independent study.

and individual instruction such as dissertation or thesis research, music instruction, or one-to-one readings. Exclude students in independent study, co-operative programs, internships, foreign language taped tutor sessions, practicums, and all students in one-on-one classes. Each class section should be counted only once and should not be duplicated because of course catalog cross-listings.

Class Subsections: A class subsection includes any subsection of a course, such as laboratory, recitation, and discussion subsections that are supplementary in nature and are scheduled to meet separately from the lecture portion of the course. Undergraduate subsections are defined as any subsections of courses in which degree-seeking undergraduate students enrolled for credit. As above, exclude noncredit classes and individual instruction such as dissertation or thesis research, music instruction, or one-to-one readings. Each class subsection should be counted only once and should not be duplicated because of cross-listings.

Using the above definitions, please report for each of the following class-size intervals the number of class sections and class subsections offered in Fall 2025. For example, a lecture class with 800 students who met at another time in 40 separate labs with 20 students should be counted once in the “100+” column in the class section column and 40 times under the “20-29” column of the class subsections table.

J. Disciplinary areas of Degrees Conferred

J1. Degrees conferred between July 1, 2024 and June 30, 2025

For each of the following discipline areas, provide the percentage of diplomas/certificates, associate, and bachelor’s degrees awarded. To determine the percentage, use majors, not headcount (e.g., students with one degree but a double major will be represented twice). Calculate the percentage from your institution’s IPEDS Completions by using the sum of 1st and 2nd majors for each CIP code as the numerator and the sum of the Grand Total by 1st Majors and the Grand Total by 2nd major as the denominator. If you prefer, you can compute the percentages using 1st majors only.
